

INDEX TO VOLUME XXVI, 1950

Authors and subjects of articles in the body of the Journal are indexed together. There is a separate index to subjects covered in the abstracting section, and one to authors of articles abstracted.

- Alcoholism antigen extract, preparation and standardization of, 141
Aneurysm, syphilitic, 115
Antibiotic treatment of syphilis and related diseases, 83
Anti-chancroidal drugs tested by the hetero-inoculation of bubo fluid from the treated donor (R. R. WILLCOX), 131
Aortic regurgitation, syphilitic, 113
Aortitis, syphilitic, 111
Arsenical encephalopathy occurring in the treatment of lues during pregnancy (R. LEES and J. R. G. BUCHANAN), 185
- BEDSON, S. P. : Viruses and venereal disease, 177
Bergen, Syphilis in, during and after World Wars I and II, 63
Blood penicillin level necessary for effective treatment of gonorrhoea, 24
Bones and joints, involvement in late congenital syphilis, 144
- BOOK REVIEWS :
- DUREL, P. : *La Blennorrhagie*, 1949, 146
 - FREIBOES, W., and SCHOENFELD, W. : *Atlas der Haut- und Geschlechtskrankheiten*, 1949, 146
 - HAIRE, N. : *Everyday sex problems*, 1948, 36
 - HARKNESS, A. H. : *Non-gonococcal urethritis*, 1950, 188
 - MARQUARDT, M. : *Paul Ehrlich*, 1949, 89
 - SCHOENFELD, W. : *Lehrbuch der Haut- und Geschlechtskrankheiten*, 5th ed., 1949, 146
 - THOMAS, E. W. : *Syphilis ; its course and management*, 1949, 147
 - WILLCOX, R. R. : Report on a Venereal Diseases Survey of the African in Southern Rhodesia, 1949, 188
- BUCHANAN, J. R. G., see LEES, R., and BUCHANAN, J. R. G.
- Cardiolipin-lecithin test for syphilis (R. P. JAYEWARDENE and T. VELAUDAPILLAI), 136
Cardiovascular syphilis (C. S. NICOL), 109
Chancroid, experimental, tests of drugs in, 133
COLQUHOUN, D. B. : Dual testing for the serodiagnosis of syphilis ; an abbreviated complement-fixation method, 139
Complement-fixation technique :
 - II. The titration of Wassermann antigen (I. N. ORPWOOD PRICE), 33
 - III. The Wassermann reaction (I. N. ORPWOOD PRICE), 172

— test in lymphogranuloma venereum, 179

— — — for syphilis, abbreviated method, 139

Contemporary male defaulter (G. O. HORNE), 164

COOPER, K. E., MAYR-HARTING, A., and McLACHLAN, A. E. W. : Laboratory examinations for gonococcal infections in the female, 16

Coronary ostial stenosis, syphilitic, 112

CORRESPONDENCE :
 - MOLESWORTH, E. H. : Venereal disease in peace and war, 37
 - OSMOND, T. E. : Venereal disease in peace and war, 37
 - TINKLER, A. E. : Six months' observation period after treatment of gonorrhoea with penicillin, 187

Defaulters from venereal disease clinics, default rate, 165

— — — — —, male, 164

Dental stigma in late congenital syphilis, 144

DOWNING, C. C. R. : Relapse in a case of early syphilis treated with penicillin, 31

Dual testing for the serodiagnosis of syphilis ; an abbreviated complement-fixation method (D. B. COLQUHOUN), 139

Encephalopathy, arsenical, occurring in the treatment of lues during pregnancy, 185

Frei test in lymphogranuloma venereum, 180

Gonococcal complement-fixation test, 19

Gonococcal infection : Culture and smear methods of examination compared, 17

Gonococcal infection in the female, Laboratory examinations for, 16

Gonococcus, Culture media, 20

Gonorrhoea and penicillin : is a six months' surveillance period necessary ? (W. V. MACFARLANE), 69

—, incidence of complications, 70

—, influence of various methods of therapy on incidence of complications, 70

Herpes, genital, 181

—, natural history, 181

Herpetic infection in venereal disease, 181

Hetero-inoculation of bubo fluid from the treated donor, Anti-chancroidal drugs tested by, 131

HORNE, G. O. : Contemporary male defaulter, 164

— : Oral penicillin in the treatment of gonococcal urethritis, 23

IDSOE, O., and VOELSANG, T. M. : Serological syphilis control in pregnancy, 63

Inclusion blennorrhoea, 180

Individual and social factors in venereal disease (R. SUTHERLAND), 1

International health regulations and maritime aspects of venereal disease control, 80

Interstitial keratitis in late congenital syphilis, 144

JAYEWARDENE, R. P., and VELAUDAPILLAI, T. : Cardiolipin-lecithin test for syphilis, 136

Kahn test : Vegetable extract used as an antigen for, 29

Laboratory diagnosis of lymphogranuloma venereum, 179

— examinations for gonococcal infection in the female (K. E. COOPER, A. MAYR-HARTING, and A. E. W. McLACHLAN), 16

LAIRD, S. M. : Late congenital syphilis ; an analysis of 115 cases, 143

Larynx, syphilis, therapeutic paradox from penicillin therapy, 183

Late congenital syphilis ; an analysis of 115 cases (S. M. LAIRD), 143

LEES, R. : V.D.—Some random reflections of a venereologist, 157

—, and BUCHANAN, J. R. G. : Arsenical encephalopathy occurring in the treatment of lues during pregnancy, 185

—, and WATT, L. : Treatment of syphilis with penicillin ; a review of cases treated in H.M. Forces, 174

LIBRACH, I. M. : Syphilis of the lung, 126

Lung, syphilis of, 126

—, — — —, incidence, 126

—, — — —, literature, 126

Lymphogranuloma venereum, laboratory diagnosis, 179

— — — virus, 178

— — — — —, animal and egg inoculation, 179

— — — — —, complement-fixation test, 179

— — — — —, virus, Frei test, 180

MACFARLANE, A. S. : Recent developments in microscopy, 73

MACFARLANE, W. V. : Gonorrhoea and penicillin ; is a six months' surveillance period necessary ?, 69

INDEX TO SUBJECTS OF ARTICLES ABSTRACTED

* denotes that only the title is included with the abstracts

- Abortive treatment of syphilis, 96, 100
- Aerorectogram as aid in evaluation of rectal stricture in lymphogranuloma venereum, 55
- Africa, yaws and tropical ulcer in, aureomycin treatment of, 204
- Alexin fixation reaction in hypertonic saline, 192
- Aluminium monostearate :
 with procaine penicillin in adults, 150
 with procaine penicillin G in venereal diseases, 200
 and penicillin in oil in treatment of syphilis, 98, 196
- Aneurysmal dilatation, sudden, and complete bronchial occlusion, fatal Jarisch-Herxheimer reaction with, after penicillin therapy, 101
- Aneurysms, thoracic and abdominal, of syphilitic and arteriosclerotic origin, treatment of, 108
- Antibiotics :
 Action of some, on *Treponema pallidum* cultures, 40
 in inhibition of pleuropneumonia-like organisms, 203
 in treatment of venereal diseases, 156, 201*
- Antichancroid drugs, Effectiveness of, tested by auto-inoculation of bubo fluid, 202
- Antigen, diluted, in Wassermann reaction, 42*
- Antirectal cytotoxic serum in resistant forms of syphilis, 43
- Antitreponemal effect of chloromycetin, oral, in syphilis, 97
- Aortitis, syphilitic, treated with mercuric cyanide, 102
- Arachnoitidis, chronic adhesive, 55
- Army :
 efficacy of penicillin treatment of syphilis in, 46
 non-specific urethritis in, 107
- Arsenic :
 bismuth and penicillin treatment of early syphilis, 200
 treatment, polyneuritis in, 56
- Arsenical encephalopathy, BAL in, 156
- Arsenicals, fatal reactions to, 149
- Arsenic-resistant strain of *Spirochaeta pallida*, attempt to produce, in experimental syphilis, 40
- Arsenoxide treatment of syphilis, 102, 152
- Arspheamine, Disturbance of sweat secretion following treatment of syphilis with, 197
- Arteritis :
 pulmonary, due to acquired syphilis, 191*
 syphilitic coronary, resection of stellate ganglion in, 47
- Arthritis :
 acute gonococcal, and myocarditis simulating acute poly-arthritis, electrocardiographic changes in, 49
 gonococcal, 154
 gonococcal, treated with streptomycin, 201*
 gonorrhreal, treatment with penicillin, 106
- Asexual syphilis in children, 38
- Aureomycin :
 (duomycin), oral administration, 43
 oral, treatment of syphilis, 96, 151
 Studies on the effect of, on *Treponema pallidum*, 100
 treatment of acute gonorrhoea in males, 51
 treatment of bubonic form of lymphogranuloma venereum, 107
 treatment of chancroid, 204
 treatment of early syphilis, 45, 102
 treatment of gonorrhoea, 104, 154
 treatment of granuloma inguinale, 53, 106, 107
 treatment of lymphogranuloma inguinale, 202
 treatment of lymphogranuloma venereum, 155
 treatment of syphilis, 96, 102, 151
 treatment of urethritis, 105
 treatment of urinary infections, 108, 202
 treatment of yaws and tropical ulcer in Africa, 204
- Ayerza's disease, 191

- Bacillary urinary infections, Treatment with Chloromycetin, 155
 BAL treatment of arsenical encephalopathy, 156
 Balanitis, Syphilitic, 38
 "Biologic false" test for syphilis, 42
Bismuth :
 arsenic, and penicillin in early syphilis, 200
 neoarsphenamine and, in syphilis, 97
 salicylate and penicillin in acute syphilitic orchitis in rabbits, 149
 salts in sporadic goitres, 156
 subsalicylate and penicillin in early syphilis, 150
 subsalicylate and tryparsamide in experimental syphilis of rabbits, 152*
- Blood :**
 banks in possible transmission of lymphogranuloma venereum infection, 56*
 concentrations of penicillin, effect of prolonging, by penicillin in oil with aluminium monostearate, 98
 donors with positive serological tests for syphilis, 41.
 relative infectivity of, in secondary syphilis, 42*
 Bronchial occlusion, complete, sudden aneurysmal dilatation, and, after penicillin therapy, 101
- Capillary permeability in early syphilis, 152*
 Carcinomatous of the skin with co-existing tertiary syphilis, 153
 Carcinoma and Syphilis, experimental investigations into the relation between, 40*
- Cardiolipin antigen :**
 Kline test for syphilis, in, 40, 192,
 Kolmer complement-fixation test, in, 40
 Cardiolipin antigens, specificity in tests for syphilis, 41
- Cardiovascular syphilis :**
 effect of treatment, 196
 Observations on penicillin treatment, 47
 penicillin treatment of, 101
 Penicillin treatment of patients with, in congestive failure, 197
- Caronamide in urogenital infections, 52
- Cerebrospinal fluid :**
 Alkaline and acid phosphatase in, 194
 relative infectivity of, in secondary syphilis, 42*
 Chancre, Evolution of the term and its relation to the history of syphilis, 95
- Chancroid :**
 Aureomycin treatment, 204
 streptomycin therapy, 55
 Children, Asexual syphilis in, 38
 syphilis, congenital, in, 197*
- Chloramphenicol :**
 and the venereal diseases, 149
 treatment of acute gonorrhoeal urethritis, 105
 treatment of early syphilis, 97
 treatment of early syphilis and gonorrhoea, 97
 treatment of experimental syphilis of rabbits, 196
 treatment of gonorrhoea, 104
- Chloromycetin :**
 oral, Anti-treponemal effect of, in early syphilis, 97
 treatment of acute gonorrhoeal urethritis, 105
 treatment of bacillary urinary infections, 155
 treatment of experimental syphilis of rabbits, 196
 treatment of granuloma inguinale, 202
 treatment of recurring epididymitis, 108
- Circumcision and venereal disease, 94
 Complement-fixation test, Kolmer, cardiolipin antigen in, 40
 Congestive failure in cardiovascular syphilis, penicillin in, 197
 Conjunctivitis, gonococcal, ophthalmia neonatorum in, 154*
 Contacts with syphilis, prophylactic treatment of, 151
 Coronary arteritis, syphilitic, Resection of stellate ganglion in, 47
- Dark-field positive lesions of syphilis. Effects of streptomycin, 52
 Dattner-Thomas formula in the spinal fluid, Validity of withholding treatment in presence of, 100
- Diagnosis :**
 granuloma inguinale, of, 54
 of syphilis, 103
 Dihydrostreptomycin treatment of gonorrhoea, 154
 Donovan bodies of granuloma inguinale, isolation and cultivation of, 53
- Donovania granulomatis :**
 Experimental studies on pathogenicity of, 54
 Skin reaction of patients to, 54
 Duomycin, oral administration, 43
- Encephalopathy, arsenical, BAL treatment, 156
 Epididymitis, Chloromycetin treatment of recurring, 108
 Epispadias, gonorrhoea with complete, 199*
 Ergotamine tartrate in reactivation of gonorrhoea, 50
- Eye :**
 syphilitic infections, treated with penicillin, 200
 syphilis, clinical management of, 199
- Fever and penicillin treatment of syphilis, 102, 150
 Fever therapy in gonococcal arthritis, 154
 Filter paper microscopic test for syphilis, 153*
 Follmann's primary syphilitic balanitis, 38
- Gangrene, symmetrical acute multiple, in a case of syphilis, 39
 Goitres, sporadic, treatment with bismuth salts, 156
 Gonococcal arthritis, acute, and myocarditis, electrocardiographic changes in, 49
 penicillin, sulphonamides, or fever treatment in, 154
 streptomycin in, 201*
- Gonococcal conjunctivitis and ophthalmia neonatorum, 154*
- Gonococcal infections, penicillin-resistant, 51
 Gonococcal urethritis, acute, penicillin in, 52
 Gonococcal urethritis, aureomycin in, 105
- Gonococcus :**
 Antibiotic spectrum of, 199
 cultures, delayed, 49
 Examination by phase contrast, 51
 evaluation of twelve media for isolation of, 50
 serological typing of, 50
- Gonorrhoea :**
 acute, in males, aureomycin in, 51
 aureomycin in, 104, 154
 chloramphenicol in, 104
 chloramphenicol in early syphilis and, 97
 dihydrostreptomycin in, 154*
 epispadias, complete, in, 199*
 female, involvement of rectum in, 49
 hypospray treatment for, culture tests in, 49
 penicillin, oral, in, 104, 153
 penicillin, aqueous, with glycerine in, 51
 penicillin, submucous, injection, in women, 154
 pregnancy, in, and ophthalmia neonatorum, 154*
 prevention with penicillin tablets, 105
 procaine penicillin G in, 200
 ratio of to syphilis, in U.S. Navy, 49*
 reactivation of, with pilocarpine and with "gynergen", 50
 streptomycin in, 51
 streptomycin in (and relation to syphilis), 52
 uncomplicated, penicillin in, 201
- Gonorrhoeal arthritis, penicillin, 106**
- Gonorrhoeal urethritis, chloramphenicol (chloromycetin), 105**
- Gram negative urinary tract infections, Use of Polymyxin in, 108**
- Granuloma inguinale :**
 Aureomycin treatment, 106, 107
 Aureomycin treatment of streptomycin-resistant, 53
 Chloromycetin therapy, 202
 Complement-fixation studies in, 201
 diagnostic tests in, 54
 Experimental transfer of chemoresistant, 204
 isolation and cultivation of Donovan bodies, 53
 recent observations on, 156*
 streptomycin treatment, 54
 Streptomycin treatment, ambulatory, 53
 chronic, streptomycin therapy, 53
- Greenland, Study of syphilis and sexual habits in, 148**
- "Gynergen" in reactivation of gonorrhoea, 50
- Haemorrhage, extradural, following lumbar puncture, 56**
- Haitian peasant, Repository penicillin therapy of yaws in, 201**
- Hyaluronidase and experimental syphilis, 96***
- Hypospray treatment for gonorrhoea, results of culture tests, 49**
- Immunity :**
 acquired, duration in experimental syphilis, 42*
 development of, Effect of subcurative doses of penicillin therapy in experimental syphilis, 197
 in syphilis, 191, 192
- Iodine and penicillin, combined treatment, 198**
- Jarisch-Herxheimer reaction :**
 in early congenital syphilis, 46
 fatal, with sudden aneurysmal dilatation and complete bronchia occlusion following penicillin therapy, 101
 in late syphilis, 45
 morphologic changes in syphilitic lesions during, 49
 in neurosyphilis treated with penicillin, 44
 in penicillin treatment of syphilis in pregnancy, 152*
- Jaundice in treated and untreated syphilis, 95**
- Kahn and Wassermann reactions, comparison of, 153***
- Keratoderma blennorrhagica, 199***
- Keratosis blennorrhagica, response to streptomycin, 55**
- Kline test for syphilis, cardiolipin antigen in, 40, 192**
- Kolmer antigen. Compared with cardiolipin antigen in Kolmer complement-fixation test, 40**
- Kolmer complement-fixation test, Cardiolipin antigen in, 40**
- Lumbar puncture, Extradural haemorrhage following, 56**
- Lung, gumma of, 148***
- "Luotest" test in syphilis, 103
- Lymphogranuloma inguinale :**
 Aureomycin treatment of, 202
 Investigation of 120 children born of mothers infected with, 107
- Lymphogranuloma venereum :**
 Aerorectogram as aid in evaluation of rectal stricture, 55
 Aureomycin treatment of, 155, 202
 bubonic form, treated with aureomycin, 107

- Lymphogranuloma venereum, virus of, chronic adhesive arachnoiditis probably due to, 55
histogenesis and parasitology of, 55
Histopathology of, 203
Incidence of, as determined by the quantitative complement-fixation test, 203
Laboratory diagnosis of, 154
infection, Blood banks and, 56*
virus and *Treponema pallidum*, Antagonism between, 153
- Lymphogranulomatoses, primary, of skin, 53
- Malaria :
False positive serological reactions for syphilis in, 41
and penicillin in neurosyphilis, 98, 152
and penicillin in tablets dorsalis, 100
"Mapharsen", 49*
- Mapharsen and penicillin treatment of acute syphilitic orchitis in rabbits, 149
- Meningitis, Acute syphilitic, 39
- Meningomyelitis, syphilitic, plantar responses in, 148
- Mercuric cyanide treatment of syphilitic aortitis, 102
- Morphology of syphilitic lesions during Jarisch-Herxheimer reaction, 49
- Mouse syphilis, experimental, minimal infectious number of *Treponema pallidum*, 96
- Mycarditis, acute gonococcal arthritis and, electrocardiographic changes in, 49
- Navy, Ratio of gonorrhoea to syphilis in the United States, 49
- Neoarsphenamine and bismuth treatment of syphilis, Results of 10-15 year follow-up, 97
- Nervous system, damage in treatment of early syphilis, 194
- Neurosyphilis :
asymptomatic, treatment in the white mouse, 45
comparative treatment with penicillin and penicillin plus malaria, 152
effect of five years of penicillin alone, 98
evaluation after three years of treatment with penicillin, and with penicillin and malaria, 98
Experimental Research in, 40
Jarisch-Herxheimer reaction in, treated with penicillin, 44
pathologic observation of penicillin-treated, 193
penicillin and malarial fever therapy versus penicillin and vaccine (typhoid) fever therapy, 44
Penicillin treatment of, 101, 102
treatment with intradermal injection of penicillin, 149
treatment with penicillin combined with artificial fever, 102
- Nichols strain of *Treponema pallidum*. Growth in embryonated chick egg under anaerobic conditions, 42*
- Non-specific positive serologic test for syphilis, 42
- Ocular syphilis, clinical management of, 193
- Ophthalmia neonatorum :
and gonococcal conjunctivitis, 154*
Gonorrhoea complicating pregnancy and its relation to, 154*
treatment of, 104
- Optic atrophy, primary, syphilitic, treated with penicillin, 46, 47
- Orchitis, acute syphilitic in rabbits treated with penicillin, 149
- Osteopathy, congenital syphilitic, treatment of, 152
- Pasteurellae, gonococci and, serological relation between, 50
- Penicillin :
abortive treatment of syphilis, in, 100
action of small intradermal doses in syphilis, 44
aqueous, with glycerine, in gonorrhoea, 51
arsenic, and bismuth in early syphilis, 200
and artificial fever treatment of neurosyphilis, 102
and bismuth subsalicylate treatment of early syphilis, 150
calcium in oil and white wax, U.S.P., bismuth ethylcamphorate and oxphenarsine hydrochloride treatment of persons exposed to syphilis, 43
and combined treatment of congenital syphilitic osteopathy, 152
comparative merits of sodium and procaine, 106
concentration in plasma after administration of procaine penicillin, 194
dosage, Re-evaluation of, 156
for early congenital syphilis, Jarisch-Herxheimer reaction in, 46
Effect on late congenital syphilis, 45
effects on tissue cells, 193
fate in the organism, 56
and fever treatment of early syphilis, 150
G and impure penicillin in experimental syphilis, 149
G, procaine for aqueous injection, 106
G, procaine, with aluminium monostearate in venereal diseases, 200
G, procaine, in gonorrhoea, 200
gonococcal arthritis, in, 154
G, therapeutic efficacy in experimental syphilis, 45
intradermal injection, in neurosyphilis, 149
and iodine combined treatment, mechanism of action, 198
and iodine treatment, clinical observation and experimental study, 198
for late syphilis fatal Jarisch-Herxheimer reaction, 45
and malaria in neurosyphilis, 98, 152
- Penicillin :
and malaria in syphilitic primary optic atrophy, 47
and malarial fever therapy versus penicillin and vaccine (typhoid) fever therapy in neurosyphilis, 44
neurosyphilis, in, Jarisch-Herxheimer reaction in, 44
Observations on patients with early syphilis treated with, in various vehicles and by oral method, 42
in oil and aluminium monostearate in treatment of early syphilis, 196
in oil with aluminium monostearate, effect on prolonging blood concentrations of penicillin, 98
in oil and beeswax in treatment of clinic patients, 48
in oil and wax in treatment of early syphilis, 45
in oil and wax, U.S.P., in treatment of syphilis, 49, 99
oral, comparison of, 150
Oral, in prophylaxis of gonorrhoea, 104
oral, treatment of gonorrhoea, 153
and penicillin-malaria treatment of tabes dorsalis, 100
procaine, 194
procaine, with aluminium monostearate in adults, 150
procaine, in oil and aluminium monostearate, in early syphilis, 98
procaine, in oil, in syphilis, 100
quantitative serologic titre in post-treatment observation of early syphilis treated with, 47
-resistant gonococcal infections, 51
sodium, in early syphilis, 98
submucous injection in treatment of gonorrhoea in women, 154
syphilis, early congenital, in, Jarisch-Herxheimer reaction in, 46
syphilis, experimental, acquired immunity in subcurative treatment with, 197
syphilis, experimental, re-infection after, 191
tablets in prevention of gonorrhoea, 105
treatment, Effect of subcurative, on rate of development of acquired immunity in experimental syphilis,
treatment, Fatal Jarisch-Herxheimer reaction following, 101
treatment of acute syphilitic orchitis in rabbits, 149
treatment of acute uncomplicated gonococcal urethritis, 52
treatment of cardiovascular syphilis, 47, 101
treatment of cardiovascular syphilis in patients with congestive failure, 197
treatment of early congenital syphilis, 49*
treatment of early syphilis, 45, 47, 98, 99(2)
treatment of early syphilis in the army, 46
treatment of early syphilis, Influence of subcurative doses, 97
treatment of early syphilis, reinfection and relapse after, 95
treatment of experimental syphilis of rabbits, 148
treatment of gonorrheal arthritis, 106
treatment of late neurosyphilis, 101
treatment of neurosyphilis, 98(2), 102, 152, 193
treatment of pre-natal syphilis, 101
treatment prior to pregnancy, 48
treatment for supposed early latent syphilis, variations of serologic pattern, 193
treatment of syphilis, 44
treatment of syphilis during pregnancy, 48, 152, 195
treatment of syphilitic affections of the eye, 200
treatment of syphilitic primary optic atrophy, 46, 47
treatment of uncomplicated gonorrhoea, 201
and vaccine (typhoid) fever therapy, penicillin and malarial fever therapy versus, in neurosyphilis, 44
yaws, in, 201
- Phase contrast examination of gonococci, 51
- Pilocarpine in reactivation of gonorrhoea, 50
- Pinta, syphilis and yaws, comparative study, 39
- Plantar responses in case of syphilitic meningomyelitis, 148
- Plasma, Penicillin concentration after administration of procaine penicillin, 194
- Pleuropneumonia-like organisms, susceptibility of, to antibiotics, 203
- Polymyxin in gram negative urinary tract infections, 108
- Polyneuritis in massive arsenic therapy, 56
- Pregnancy :
Gonorrhoea complicating, 154*
Jarisch-Herxheimer reaction in penicillin treatment of syphilis in, 152*
Penicillin treatment administered prior to, 48
Penicillin treatment of syphilis in, 48
Status of treatment of syphilitic pregnant women, 197*
syphilis in, penicillin treatment, 195
syphilis in, treatment, 195
Pre-natal syphilis, penicillin treatment, 101
- Procaine penicillin G in treatment of gonorrhoea,
Procaine penicillin G with aluminium monostearate in one shot treatment of venereal diseases,
Procaine penicillin in oil and aluminium monostearate in treatment of early syphilis, 98
Procaine penicillin in oil, semi-weekly treatment of syphilis with, 100
Procaine-penicillin tablets in prolongation of therapeutic levels of penicillin in blood, 197
- Pititacosis-lymphogranuloma venereum group of viruses, Cross immunity studies, 35
- Pulmonary arteritis due to syphilis, 191*
- Pulmonary syphilis, 39
- Pulmonary syphilis in a Moroccan, 40

INDEX TO SUBJECTS OF ARTICLES ABSTRACTED

209

- Quantitative complement-fixation test for lymphogranuloma venereum, 203
 Quantitative serologic titre in post-treatment observation of early syphilis treated with penicillin, 47
- Rectum, involvement in female gonorrhoea, 49
 Rectum, stricture of, in lymphogranuloma venereum, Aerorectogram as aid in evaluation of, 55
 Re-infection in syphilis, 94, 95, 152, 191
 Reiter spirochaete, morphology, cultural characteristics and method for mass cultivation, 41
 Reiter's disease as a venereal disease, 156*
 Reiter's syndrome, 51
 Relapse, in syphilis, penicillin-treated, 95
 Ricord, "acute swelling of the testicle" of, in tertiary syphilis, 152*
- Serodiagnosis of syphilis, Alexin fixation reaction in hypertonic saline, 192
 Serological reactions, false positive, for syphilis and malaria, 41
 Serological typing of gonococci, 50
 Serums, normal and syphilitic, treponemal immobilization test of, 96
 Serum-negative primary syphilis, appearance of mucocutaneous secondary lesions during treatment, 152
 Sierra Leone, Yaws campaign in, 52
 Skin, multiple primary carcinomatous, and tertiary syphilis, 153
 Skin :
 Primary lymphogranulomatoses of, 53
 reaction to *Donovania granulomatis*, 54
 Soft sore, History of the discovery of the causative organism of, 204
 Soft sore, Streptomycin in, 155
 Spinal Fluid, Dattner-Thomas formula, validity of withholding treatment in presence of the, in 100
 STB treatment of Yaws, 156
 Stellate ganglion, resection of in syphilitic coronary arteritis, 47
 Stomach, syphilis of, 104
 Streptomycin :
 gonorrhoea, in (and relation to syphilis), 52
 in soft sore, 155
 -resistant granuloma inguinale, oral aureomycin in, 53
 treatment of chancre, 55
 treatment of gonococcal arthritis, 201*
 treatment of gonorrhoea, 51
 treatment of chronic granuloma inguinale, 53
 treatment of granuloma inguinale, 54, 156
 treatment of keratosis blennorrhagica, 55
 treatment of non-gonococcal urethritis, 53
 treatment, ambulatory, of granuloma inguinale, 53
 Sulphonamides in gonococcal arthritis, 154
 Surgical treatment of tabetic arthropathies, 199
 Sweat secretion, Disturbance of following treatment of syphilis with arsphenamine, 197
 Syphilitic, tertiary, following trauma, 148*
 Syphilis :
 abortive treatment, 96, 100
 acquired, pulmonary arteritis due to, 191*
 alexin fixation reaction in hypertonic saline for serodiagnosis of, 192
 antirectal cytotoxic serum in resistant forms of, 43
 arsenoxides in, 102, 152
 arsphenamine, in, sweat secretion disturbance after, 197
 asexual, children, in, 38
 aureomycin in, 96, 102 (2), 151
 "biologic false" or non-specific positive serologic test for, 42
 blood donors with positive serologic tests for, in, 41
 Carcinoma and, Experimental investigations into the Relation between, 40*
 cardiolipin antigens in tests for, specificity of, 41
 cardiovascular, 47, 101, 196, 197
 cerebrospinal fluid in, 194
 "chancre," name for, 95
 contacts with, prophylactic treatment of, 151
 diagnosis, rapid test for, 103
 early Jarisch-Herxheimer reaction in penicillin-treated, 46
 early, penicillin treatment in, 49*
 Early, 42, 43, 45, 46, 47, 95, 97, 98, 99, 150, 152, 193, 194, 196, 200
 Filter paper microscopic (FPM.) test for, 153
 gangrene, symmetrical acute multiple, in, 39
 in Greenland, 148
 intensive treatment, 152*
 jaundice in, 95
 Kline test for, cardiolipin antigen in, 40, 192
 late, Jarisch-Herxheimer reactions to penicillin, 45
 late, penicillin, effect of, on, 45
 latent immunity in, 192
 latent, prognosis in late, 38
 "Luotest" for, 103
 malaria, in, false positive serological reactions for, 41
 ocular, 199
 penicillin in, 44, 48, 98, 99, 100
 pregnancy, in, 48, 152, 195
 pre-natal, penicillin, 101
 prevention of, 43
 primary and secondary, treatment of, 97, 152*
 pulmonary, 39
 pulmonary in a Moroccan, 40
 rapid treatment, 46
 ratio of to gonorrhoea, in U.S. Navy, 49*
 re-infection, 94, 96, 152*
 results of treatment by race, sex and stage of, 152*
 secondary, relative infectivity of blood and cerebrospinal fluid in, 42
 serum-negative, 152*
 stomach, of, 104
 streptomycin in gonorrhoea, in relation to, 52
 trachea, of, 191
 treatment during incubation stage of persons exposed to, 43
 treponemal immobilizing antibodies in, 152
 untreated, in male negro, 191
 Weltmann serum coagulation reaction in, 153
 yaws and pinta, comparative study, 39
- Syphilis, congenital :
 action against, 197*
 Jarisch-Herxheimer reaction in, 46
 Prenatal prophylaxis against, 152
 Status of treatment of children with, 197
- Syphilis, Experimental :
 Attempt to produce an arsenic resistant strain of *Spirochaeta pallida* in, 40
 chloramphenicol (chloromycetin) in, 196
 duration of acquired immunity, 42*
 effect of method of inoculation in rabbit, 96*
 effect of method of inoculation on behaviour of serologic test, 96*
 in the golden hamster, 104*
 hyaluronidase and, 96*
 penicillin, 45, 148, 149, 197
 re-infection in rabbits following penicillin therapy, 191
 susceptibility of various strains of mice to, 42*
 tryparsamide and bismuth subsalicylate in, 152*
 Syphilitic aortitis, mercuric cyanide in, 102
 Syphilitic meningomyelitis and tabes, extensor plantar responses in, 148
 Syphilitic orchitis, acute, penicillin, repository, alone, and in combination with mapharsen and bismuth salicylate, 149
 Syphilitic osteopathy, congenital, penicillin and combined therapy in, 152
 Syphilitic serums, normal and, treponemal immobilization test of, 96
 Syphilitic vulvo-vaginitis, 38
- Tabs dorsalis :
 evaluation of treatment procedures in, 43
 Penicillin and penicillin-malaria treatment of, 100
 Vagotomy in treatment of gastric crises of, 53
- Tabetic arthropathies, Surgical treatment of, 199
 Terramycin treatment of venereal disease, 199
 Tertiary syphilis, 152, 153
 Tissue cells, effects of penicillin on, 193
 Trachea, syphilis of, 191
 Trauma, tertiary syphilide following, 148*

Treponema pallidum :
 experimental syphilis, 40, 45
 effect of Oral administration of aureomycin on, 43
 growth of the nonpathogenic Nichols strain in embryonated chick egg under anaerobic conditions, 42*
 life and motility in fertile hens' eggs, 42*
 and lymphogranuloma venereum virus, Antagonism between, 153
 minimal infectious number of, in experimental mouse syphilis, 96*
 Morphology and staining characteristics, 194*
 preservation and inoculation studies, 42*
 Rate of multiplication in normal and immune rabbits, 42*
 Studies on the cultivation of, 103
 Studies of the effect of aureomycin on, 100
 cultures, Action of some antibiotics on, 40
 Treponemal immobilization test of normal and syphilitic serums, 96
 Treponemal immobilizing antibodies in syphilis, 152
 Tropical ulcer, Aureomycin treatment of yaws and, in Africa, 204
 Tryparsamide and bismuth subsalicylate in treatment of experimental syphilis of rabbits, 152*

Urethritis :
 acute gonorrhoeal, Chloromycetin treatment, 105
 aureomycin treatment, 105
 acute uncomplicated gonococcal, penicillin treatment, 52
 non-gonococcal, streptomycin treatment of, 53
 non-specific, in British soldiery, 107
 virus, 202
 Urinary infections, 108, 155, 202
 Urogenital infections, effectiveness of caronamide, 52
 U.S. Navy, ratio of gonorrhoea to syphilis in, 49*

Vagotomy in treatment of gastric crises of tabs dorsalis, 53
 Venereal disease :
 antibiotics in, 156, 201*
 chloramphenicol in, 149
 circumcision and, 94
 procaine penicillin G with aluminium monostearate in, 200
 Reiter's disease as, 156*
 terramycin in, 199

- Virus strains in Psittacosis-lymphogranuloma venereum group, Cross immunity studies, 55
 Virus urethritis, 202
 Vulvo-vaginitis, Syphilitic, 38
- Wassermann and Kahn reactions, comparison of, 153*
 Wassermann reaction : Effect of penicillin on late congenital syphilis, with special reference to the, 45 value of diluted antigen in, 42*
- Wassermann reaction : Weltmann serum coagulation reaction in syphilis, 153*
- Yaws : Aureomycin treatment of, and tropical ulcer in Africa, 204 campaign in Sierra Leone, 52 Five-day peroral treatment with STB, 156 in the Haitian peasant, Repository penicillin therapy of, 201 syphilis and pinta, comparative study, 39
